Social Media Marketer 2024 – 2026

Antier Solutions · Mohali, India · Leading global blockchain & Web3 development company

- Managed and scaled social media accounts for 12+ brands simultaneously across Instagram, X (Twitter), LinkedIn, and other platforms—working across both in-house brand accounts and client portfolios, building each audience organically from zero.
- Planned and executed end-to-end Zealy campaigns for multiple blockchain and NFT projects, handling campaign architecture, community task design, participant engagement, and performance reporting.
- Built and nurtured Web3 communities on Discord and Telegram for NFT and crypto clients, driving sustained engagement and brand awareness ahead of project launches.
- Led multi-platform influencer marketing campaigns—sourcing creators, negotiating partnerships, coordinating deliverables, and measuring post-campaign reach and ROI.
- Managed paid advertising campaigns on Meta, Google, and YouTube with monthly budgets up to ₹1L/month, optimizing for reach, CTR, and qualified lead generation.
- Maintained content calendars for 3–5 accounts simultaneously, ensuring consistent brand voice, timely publishing, and cross-platform alignment.
- Collaborated cross-functionally with content, design, growth, partnerships, and product teams to deliver goal-driven, high-performing campaigns.
- Tracked performance metrics using Google Analytics and platform-native dashboards, delivering actionable insights that continuously improved content strategy and engagement rates.

Xspa (Web3 Brand)

- Grew Instagram from 0 → 15,000 followers and X (Twitter) from 0 → 10,000 followers; also managed brand presence across LinkedIn, Discord, and Telegram for full-channel consistency.

GemsPocket (Crypto / NFT Platform)

- Scaled Instagram from 0 → 8,000 followers and X from 0 → 13,000 followers via community-driven content strategy and influencer collaborations; also handled LinkedIn and Discord channel management.

Helium Wars (Web3 Gaming)

- Grew X (Twitter) from 0 → 6,000 followers; also managed community and content across Discord, Telegram, and Instagram to support the game's launch and player acquisition.

LendaryAsia (Web3 Project)

- Established brand presence from zero, growing Instagram to 3,500 followers and X to 600 followers; maintained active presence across LinkedIn and other platforms during the early launch phase.

9+ Additional Client Accounts

- Delivered consistent follower growth of 500–1,000+ per account across multiple Web2 and Web3 brand projects; managed multi-platform presence including Instagram, X, LinkedIn, and community channels for each.

Bachelor of Computer Applications (BCA)2021 – 2024
